

FEEL GOOD

ENDURANCE

FAST, SAFE AND HIGH PERFORMANCE

Endurance is designed for athletes to quickly hyper-load muscle tissue with glycogen. Pure Karbolyn® is the ideal carb for pre-contest carb loading. Pure Karbolyn® is completely unique due to its size & structure of the molecule. It has the right size for absorption, not too big and not too small. Endurance is ideal for pre-, during and post-workout, carbohydrate loading and nutrient transportation.

AVAILABLE IN 3 EXCELLENT FLAVOURS

WHY CHOOSE ENDURANCE?

Karbolyn® is a homopolysaccharide (relatively complex carbohydrate) and is made up of many monosaccharides joined together by glycosidic bonds. These are very large bonds that are branched macromolecules. The "Molecular Mass" has been precisely manipulated to create absorption through the stomach at a rate much greater than maltodextrin, dextrose, breads, pasta, or rice.

Karbolyn is a patent pending carbohydrate that contains very unique properties. Because Karbolyn passes through the stomach very quickly, it acts like a pump, pulling water and nutrients along with it. This high tech carbohydrate actually moves through the stomach faster than dextrose or sugar. Karbolyn also has a higher solution osmolality than dextrose, sucrose or many other carbohydrate powder mixes on the market. This is due to the unique properties found in the patent pending process. Karbolyn is completely sugar free.

Karbolyn® was invented for the sole purpose of carbohydrate loading. It was designed for Elite Athletes looking for a fast, safe and high performance way to easily load the muscle with accessible muscle energy (glycogen). Karbolyn® has been instantized, so it mixes instantly!

Karbolyn® is the ideal carbohydrate to get the results you are looking for.

1000 g
20 Servings per pot

HIGHLIGHTS

- **Quick absorption into the bloodstream**
- **Ideal for pre, during and post-workout**
- **No stomach bloat or discomfort**
- **Sugar free / caffeine free**
- **Excellent carb loading**
- **Mixes instantly & tastes incredible**

Food supplements cannot replace a varied and balanced diet and a healthy lifestyle. Do not exceed the daily recommended amount.

Keep out of the reach of children. Store in a cool, dry place. Always keep tightly sealed.

INGREDIENTS

Karbolyln® (Homopolysaccharide), citric acid & malic acid (acidifiers), tri-sodium citrate, flavour: orange, tri-magnesium dicitrate, calcium carbonate, mono potassium phosphate, potassium bicarbonate, beta carotene (E160a(iii)) (colouring), sucralose (E955) & acesulfame-K (E950) (sweeteners).

SUGGESTED USE

2x daily. Mix 50 g (1 scoop) with 500 ml water and drink 45-60 minutes before exercise. Do not exceed the daily recommended amount.

ALLERGENS

Allergen free. Manufactured in a facility that processes milk, soy, shellfish, eggs, peanuts, nuts and wheat.

PACKAGING

Available in a pot of of 1000 g.

SUPPLEMENT FACTS

	/100 g	/50g
